Re: ***Ex Parte* Notification**
ET Docket No. 98-153
Ultra-Wideband

Dear Ms. Salas:

This is to note that on January 10, 2001, on behalf of Time Domain Corporation Richard Wiley, Mimi Dawson and David Hilliard of Wiley, Rein and Fielding spoke briefly with Julius Knapp, Chief of the Policy and Rules Division of the Office of Engineering and Technology, and Fred Thomas, Chief of OET's Spectrum Coordination Branch, concerning the status of testing in this proceeding. We urged the OET personnel to engage in a dialog with personnel of NTIA who are involved in the efforts of NTIA to test the compatibility of ultra-wideband technology with government radio systems.

Should any questions arise concerning this matter, please contact me.

Respectfully,

David E. Hilliard
